**RAINY DAYS:** If you are in doubt as to whether or not the game will be played, check the Neighborhood Club's web site([www.neighborhoodclub.org](http://www.neighborhoodclub.org)) under Program Updates, 'Today's Games' no sooner than one hour before your scheduled game to see a message of cancellation. If the web site does not specify that your game is canceled, you are to report to the field.

**Thunder & Lightning:** The old adage "if you see it, flee it" is an important one. Baseball fields are big, open spaces, which are susceptible to potential lightning strikes. A strike can hit from up to 10 miles away, which means it could happen before you even see dark clouds in the sky. If a storm should strike, have everyone head to an enclosed space. Cars are also safe. Shelter houses without walls and dugouts are NOT safe places. Be sure to wait 30 minutes after the storm to begin resuming activities, being sure to monitor the weather anyway you can.
